

A FASTER, MORE RELIABLE INTERNET IS COMING TO BARTLESVILLE

Bluepeak to Break Ground on State-of-the-Art Fiber Network Next Year

(Bartlesville, Okla.) – September 21, 2021 — [Bluepeak](#), a revolutionary internet provider, announced today that it is coming to Bartlesville and will break ground during the first half of next year on a \$15 million expansion effort to bring its high-speed fiber network to approximately 15,000 homes and businesses in the community.

“We are thrilled to be partnering with the city of Bartlesville to build a future-proof fiber-optic network,” said Rich Fish, CEO of Bluepeak. “Bluepeak is a different kind of provider with faster, more reliable speeds that will better connect homes, businesses and organizations across Bartlesville.”

With Bluepeak’s advanced fiber connection, residential customers can get up to 5 gigabits of speed and businesses can get up to 10 gigabits of speed. The next-gen broadband network will provide faster speeds, better connectivity and the bandwidth to connect more devices for internet, streaming, gaming and more.

“The installation of high speed, dependable digital services to every corner of our community remains an important goal. Our citizens get more and more services —from work to investment to entertainment to household supplies — online and depend on Internet access,” said Bartlesville Mayor Dale Copeland. “The recent announcement of Bluepeak’s desire to install fiber optic high speed services in Bartlesville is a welcome addition in our ongoing efforts. I was pleased to have the City Council approve their franchise agreement. The competition and enhanced services they promise will provide Bartians an increase in overall quality and access with even more options in an increasingly digital age.”

About Bluepeak

Bluepeak is building a faster, more reliable internet without the things that get in the way of great service—like red tape, hidden fees, and slow response times. Offering up to 5 gigabits of speed for residential customers and 10 gigabits for businesses, Bluepeak is a whole new ballgame — from internet to TV, to connecting every device in a home, to powering a business, Bluepeak not only provides the best fiber connections in the communities it serves, but also meets the growing needs for how its customers live.

Bluepeak (Clarity Telecom LLC) is known as Vast Broadband today in South Dakota and portions of western Minnesota until those markets rebrand as Bluepeak in the summer of 2022. Visit www.meetbluepeak.com to learn more.
