

## A FASTER, MORE RELIABLE INTERNET IS COMING TO PERRY

### Bluepeak to Break Ground This Year on State-of-the-Art Fiber Network

**(Perry, Okla.) – September 20, 2021** — [Bluepeak](#), a revolutionary internet provider, announced today that it is coming to Perry and will break ground this year on a high-speed fiber network to meet the growing needs of the community, today and in the future. The \$2 Million expansion effort will bring Bluepeak service to approximately 2,000 residents and businesses in Perry.

“We are thrilled to be partnering with the city of Perry to build a future-proof fiber-optic network,” said Rich Fish, CEO of Bluepeak. “Bluepeak is a different kind of provider with faster, more reliable speeds that will better connect homes, businesses and organizations across Perry.”

With Bluepeak’s advanced fiber connection, residential customers can get up to 5 gigabits of speed and businesses can get up to 10 gigabits of speed. The next-gen broadband network will provide faster speeds, better connectivity and the bandwidth to connect more devices for internet, streaming, gaming and more.

“In order for Perry to grow and attract new residents and businesses especially when faced with current educational, economic, and health related challenges, we are pleased to welcome Bluepeak to Perry. High-speed, reliable internet will enhance educational opportunities in today’s remote learning world and will positively affect all age demographics,” said Perry City Manager Larry R. Pannell. “Large and small businesses look to communities that have high speed internet capabilities which enable them to build a competitive advantage now and into the future. COVID has opened up capabilities in remote health care most of us could not have envisioned just a few years ago. Bluepeak will help Perry stand out among rural communities.”

#### **About Bluepeak**

Bluepeak is building a faster, more reliable internet without the things that get in the way of great service—like red tape, hidden fees, and slow response times. Offering up to 5 gigabits of speed for residential customers and 10 gigabits for businesses, Bluepeak is a whole new ballgame — from internet to TV, to connecting every device in a home, to powering a business, Bluepeak not only provides the best fiber connections in the communities it serves, but also meets the growing needs for how its customers live.

Bluepeak (Clarity Telecom LLC) is known as Vast Broadband today in South Dakota and portions of western Minnesota until those markets rebrand as Bluepeak in the summer of 2022. Visit [www.meetbluepeak.com](https://www.meetbluepeak.com) to learn more.
