

BLUEPEAK TO BRING A FASTER, MORE RELIABLE INTERNET TO CHOCTAW, OK

Internet Provider to Provide Residences with Up To 5 Gigabits of Symmetrical Bandwidth from its State-of-the-Art Fiber Network

(Choctaw, OK) – January 28, 2022 — Bluepeak, an innovative internet provider, announced today that it has received franchise approval from the city of Choctaw, Oklahoma, to build a high-speed fiber network to meet the growing needs of the community, today and in the future. The approximate \$5 million expansion effort will bring Bluepeak service to more than 5,000 residences and businesses in Choctaw.

“We’re thrilled to be partnering with the City of Choctaw to build a next-generation, fiber-to-the-home network,” said Rich Fish, CEO of Bluepeak. “Bluepeak is a different kind of provider with faster, more reliable speeds that will better connect homes, businesses and organizations across Choctaw.”

With Bluepeak’s advanced fiber connection, residential customers can get up to 5 gigabits of symmetrical bandwidth and businesses can get up to 10 gigabits and beyond of symmetrical bandwidth. Bluepeak’s fiber network will provide faster speeds, better connectivity, and the bandwidth to connect more devices for internet, streaming, gaming and more.

“Bringing in a modern, alternative option to citizens who have had limited choices over the last several decades is a big win for our city,” said Choctaw Mayor Randy Ross.

About Bluepeak

Bluepeak is building a faster, more reliable internet without the things that get in the way of great service—like red tape, hidden fees, and slow response times. Offering up to 5 gigabits of speed for residential customers and 10 gigabits for businesses, Bluepeak is a whole new ballgame — from internet to TV, to connecting every device in a home, to powering a business, Bluepeak not only provides the best fiber connections in the communities it serves, but also meets the growing needs for how its customers live.

Bluepeak (Clarity Telecom LLC) is known as Vast Broadband today in South Dakota and portions of western Minnesota until those markets rebrand as Bluepeak in the summer of 2022. Visit www.meetbluepeak.com to learn more.
